SOUTHEASTERN REPEATER ASSOCIATION, INC. CELEBRATES ITS 25TH ANNIVERSARY IN 1996.

Thank you for your support and assistance from the
entire crew - officers, directors, appointees.

We promise to continue to do our best to make our
SERA states an even better place to operate.

SERA - SouthEastern Repeater Association, Inc. Official Coordinator for

**North Carolina • South Carolina • Virginia • West Virginia
Tennessee • Georgia • Mississippi • Kentucky**

You're invited to join this great organization,
A membership application is enclosed in this book.

Introduction to The SERA Data & Source Directory

Being in the coordination business, much data has to be collected by coordinators to assure themselves and the repeaters in their area that all possible care is taken to do the job to the best of their ability, and to do it right the first time. With the publishing of a first-class publication, the *Repeater Journal* each quarter, even more data is collected.

We are fortunate to have a battery of computers and software at SERA which filter and combine all the data gathered by Directors, Officers, record keepers, news sources, clubs and such.

With this wealth of information at our fingertips, it only seemed natural to plan a vehicle that we could give to the Amateur community in a clear concise manner which would be of benefit in everyday operations of the VHF/UHF bands.

Keeping all this in mind, we offer our first SERA Data & Source Directory. It is the largest collection of repeater listings, club meetings, nets, hamfests and VE exams ever assembled in one package and printed in the history of Amateur radio in the Southeast. We expect it to have some flaws, but perhaps we will learn from our mistakes and get it better as we go along in the future.

My very valuable partner in the gathering of data is David Ward, KA4LVO, SERA Membership and Records Chairman. We work together many hours each year to produce the Repeater Journal, in addition to the hundreds of hours we spend doing our own thing within the organization.

We sat and discussed this project many times before we presented the idea to the Board for approval. We wanted to add information about our neighbors to the north, south and west in addition to our eight state coverage. Many responded quickly and positively. Those that did, we included their information in this book.

We would like to thank the many who assisted in passing along information to us especially our neighboring coordinators. It was a huge undertaking for our first time, with our limited manpower. But we did it and we offer it to you for your enjoyment.

-Wayne C. Williams, K4MOB
Repeater Journal Editor

SERA Membership and Records

What the SouthEastern Repeater Association, Inc. is all about -

About the SERA Repeater Journal Magazine

The *Repeater Journal*, voice of SERA is published quarterly, the first Friday of the months of February, May, August and November of each year and mailed free to members of SouthEastern Repeater Association, Inc., an eight state repeater coordinating organization made up of repeater owners and users. Permission is granted for use of material other than repeater indexes contained in the *Repeater Journal* (See important note this page) provided proper credit is given. The *Repeater Journal*/Editor will swap newsletters with other Repeater Organizations, News organizations and clubs upon written request. DEADLINES: Ad space reservations are the 20th of the month, and ad copy due the 1st of the next month, one month prior to publication. News deadlines are the first of the month prior to publication month. The *Repeater Journal* is entered as Third Class Mail at the Post Office in Greensboro, NC. The *Repeater Journal* newsstand cover price is \$3.00 and is available from numerous retail Amateur Dealers in the southeast. All news and newsletter exchanges should be mailed to the Editor: Wayne C. Williams, K4MOB, 600 Lakedale Road, Cofax, NC 27235. E-Mail address: k4mob@nr.infi.net. News stories may be accepted via the internet or on disc.

About the SouthEastern Repeater Association, Inc.

SERA, SouthEastern Repeater Association, Inc. is the largest, most well known, non-profit Repeater Coordinating Organization in the United States. SERA territory covers over 2,100 repeaters available to over 81,000 Amateurs covering 329,000 square miles from the Southeastern member States of North Carolina, South Carolina, Virginia, Tennessee, West Virginia, Kentucky, Georgia and Mississippi. SERA celebrates its 25th anniversary in 1996 with a continuing goal - to serve the repeater owners and users of the Southeast by providing a voice of communications, information and education with the publication of the *Repeater Journal*, and the guidance of our State (Director) Coordinators, officers and volunteers. Your support, membership, comments and recommendations are appreciated.

About SERA Associate Membership (Repeater Users)

Amateurs, especially repeater users, are invited to join SERA as Associate Members. Only \$8.00 per year will enable Amateurs to support the organization and receive the *Repeater Journal*. Associate Membership deadlines are the 15th of the month preceding months of publications - (Jan. 15, April 15, July 15, and October 15). Persons joining or renewing their memberships must have their application into the Tobaccoville Post Office Box by those deadlines to receive the next upcoming *Repeater Journal*, published the first Friday of February, May, August and November. Memberships received after deadline will not receive next to-be-published *Repeater Journal*, but instead will receive the forthcoming issue the following quarter. HOT-P Associate Memberships (*Repeater Journals* mailed 1st Class rate) are limited to one year memberships at \$14.25 per year. Regular membership *Repeater Journals* are mailed 3rd Class Bulk Mail. SERA does not issue receipts for Membership applications, nor are *Repeater Journals* forwarded to new addresses. If you move, we must be notified. Members should wait until next *Repeater Journal* comes out to report any problems. Write SERA Associate Membership, P.O. Box 215, Tobaccoville, NC, 27050-0215 for further information. Associate Members may hold appointive offices and positions within the SouthEastern Repeater Association, Inc.

About SERA Full Repeater Membership (Repeater Owners)

Officers and Directors are elected from Repeater representatives who are SERA Full Members. Any repeater owner or club may join SERA as a Full Member if they have an operable repeater on the air. Full Membership application, coordination information (if not on file) and \$20.00 should be submitted for the annual Full Membership fee. Two Full Members, named and listed on the application by the owner, receive the *Repeater Journal* from each application. The Full Member repeater is also appropriately recognized as a SERA supporter in the repeater index with an asterisk (*) code. All Full Memberships expire on December 31 of each year. Write SERA Membership, P.O. Box 215, Tobaccoville, NC 27050-0215 for further information or to support SERA through membership.

IMPORTANT NOTE: The SERA *Repeater Journal* is Copyright 1996 by The SouthEastern Repeater Association, Inc. Original stories, text and charts may be reproduced or re-printed by any organization without prior consent, provided credit is given. The SERA official Repeater Index may be published or reproduced in any form by any publication or electronic means to be distributed without charge. Appropriate credit must be given to the SERA *Repeater Journal*. Reproduction or publication of the official SERA Repeater Index in any form, mechanically or electronically for a charge is prohibited without prior written consent of SERA, Inc. All other rights reserved.

The Directors, Vice Directors and Assistants of each SERA state are the coordinators. The Directors and Vice-Directors are Full Members, elected to their office. The assistants are appointed by the Directors and approved by the SERA Board of Directors. These officers have the full responsibility to see that SERA Coordination Policies and By-Laws are carried out in their state. These persons are in charge and accept full responsibility of all coordination in their state, following SERA guidelines. Each officer is available for assistance to repeater owners within their state. They also work with coordinators in other states.

Who to contact in SERA!

The jobs of all personnel within SERA are voluntary. The volunteers get no pay for their services and time. Only postage and telephone expenses are reimbursed. Travel and accomodation expenses are sometimes approved by the board for an officer to go to or attend a special event or meeting.

As with any organization whether business or public service, there are different people who do different jobs. SERA works the same way. You wouldn't want to call the TV repairman to fix a dishwasher. Likewise, you wouldn't call the Membership chairman to coordinate a repeater. Calling the right person saves time.

We have listed below different scenarios and generally who in SERA can take care of the problem or inquiry for you without having to pass it on to someone else. You are urged to contact the proper person to handle your particular needs. This prevents hardships on people who already unselfishly spend countless hours carrying on the work of the SouthEastern Repeater Assn., Inc.

Names are Listed below. Names, Addresses & Phone Numbers are listed of each SERA officer on Page 4 & 5.

From the President of SERA

The goal of all the volunteers of SERA is to do the best job we can for you, the repeater owners and repeater users in our territory. We are all like you, wanting what is best for our hobby. We want SERA to do the job right. We believe in quality, whether it is in service or in merely getting the latest information to you through our Repeater Journal.

Although we try very hard, sometimes things don't go quite right, either through lack of communications, or sometimes even a personality conflict and someone gets upset. I invite you to contact me if you have any complaints on the way SERA is doing its job. If you feel you need to talk to someone, please give me a call - I'll listen!

History of the SouthEastern Repeater Association, Inc.

A Volunteer Amateur Repeater Coordination Organization for the States of Virginia, North Carolina, Kentucky, West Virginia, Tennessee, South Carolina, Georgia and Mississippi

*Compiled, Edited and Updated by The
SERA Repeater Journal Staff.*

In 1971, a group of North Carolina repeater owners got together to form an organization designed to assist in coordinating, provide communications and technical information, and to bring together all repeater owners into one united body. It was named "The North Carolina FM Repeater Association, Inc." (NCFMRA).

In 1973, Virginia and South Carolina joined NCFMRA and the name was changed to *Carolinas-Virginia Repeater Association, Inc. (CVRA)*. In late fall of 1979, amateurs in the state of Tennessee voted to join the Association and in 1980, the state of West Virginia followed, making CVRA a 5-state organization. In 1980, the board of directors changed the name of the organization to *CVRA-SouthEastern Repeater Association, Inc.* The letters CVRA were retained in the formal corporate name to continue nationwide recognition. The remainder of the name was added to allow flexibility in adding more areas, thus CVRA-SERA.

In the spring of 1985, 20 counties in Eastern Kentucky formed the Eastern Kentucky district of the Association, and in July, by unanimous vote of the Georgia repeater owners attending a special called meeting at the Atlanta hamfest petitioned for membership. Later, the board accepted Georgia as the seventh district of CVRA-SERA.

In the early part of 1987, the CVRA-SERA board wrote and approved one of the most complete, far reaching Coordination Policies in the nation. This new document provided a guide for coordinators and repeater owners; spelled out in detail how to handle any situation concerning coordination, interference and repeater ownership.

In 1988, the board voted to drop the letters "CVRA" from the corporate name, thus SERA was the new identity for the *SouthEastern Repeater Association, Inc.* The organization also decided to copyright its repeater index. In 1989, the board again moved forward with the times. The SERA By-Laws were totally updated to reflect current trends. The coordination policy was updated and paragraphs titled to assist in finding portions of the document with ease and speed. Clarifications were made to some sections of the coordination policy. SERA also changed its requirements concerning the acceptance of new States (Districts).

The new By-laws section allowed States or other coordination areas to retain their identity and come into the SERA organizational umbrella. There requirements were limited to adhering to the SERA By-Laws and Coordination Policies.

Our Frequency Utilization Plan is such that if an area comes into the organization with a different structured bandplan, that has been workable on a non-interfering basis, it is acceptable under SERA policy.

Two other areas were clarified for acceptance as a District. (1) A majority of repeater owners must accept SERA as their official coordinator, through a poll of all the repeater owners in the effected area, and (2) at least 10 repeater owners must petition and join as full members to qualify that area for membership in SERA.

In 1989, SERA signed a paper of "Mutual

Cooperation and Recognition" with MACC-Mid-America Coordination Council, as it had previously with the Florida Repeater Council, and Alabama Repeater Council. In 1994 a similar document was signed with T-MARC. (other councils adjoining SERA border states) These agreements basically state that SERA and each of the other organizations recognizes each other as the official coordinators in their respective area, and that each pledges to cooperate with all others in coordination, communication, and information.

Mississippi became the 8th SERA State and Western Kentucky joined East Kentucky to form a new Kentucky District encompassing the entire state in mid 1989.

Other Information

At the end of 1985, the association represented over 900 repeaters in seven states on all VHF/UHF bands. At the beginning of 1989, repeaters in the 7-districts had grown to over 1,200. With a new computerized data-base in place, SERA, for the first time mailed data sheets to every known repeater in the seven States in an attempt to get the database complete and up-to-date.

By early 1990, SERA territory spanning over 358,000 square miles in the Southeastern part of the United States, with over 64,000 licensed amateurs and over 1,400 repeaters under the SERA umbrella.

SERA territory now covered portions of four ARRL Divisions, The Roanoke, Southeastern, Great Lakes and Delta.

By the Spring of 1990 SERA computers were tied together by telephone modem reaching to any Director or officer with PC capability.

In 1991, the SERA computer database began a transition toward multiuser capabilities, with the program to be re-written. Key personnel of SERA received their user codes for the ARRL National Data Base in early 1992. The SERA Repeater Index was placed on the database at that time.

With the advent of the internet, SERA was quickly in the middle. By the end of 1995, almost every Director, Vice-Director, Officer and Appointee was on line, thus creating a new high-speed communications vehicle.

SERA Directors & Vice-Directors

The Director, who is elected from within his own District by his fellow repeater owners, is the leader within the district. He guides SERA efforts from his District, answering only to the full board of directors in session and voting, and of which he is an equal member.

His judgement is totally free in coordination in his area, guided by the board-approved Frequency utilization plans and coordination policies and guidelines.

The Director is assisted by an elected Vice-Director in both coordination and contact with repeater owners. The Vice-Director is also elected from within the District. Assistant directors may be named by the Director. All within the District are subordinate to the Director, who is responsible for compliance with the By-laws and policies of the organization.

The coordinators electronically update and receive periodic printouts of repeaters on the air, coordinated, proposed, and under construction from

History of the SouthEastern Repeater Association, Inc. (Continues)

the SERA database computer. Many coordinators with computer capability have come on line with the SERA master computer via modem.

This vital information is at his fingertips whenever needed for coordination of border repeaters. SERA Directors also keep in communication with other neighboring repeater councils when coordinating, and in at least some instances, our data processing people may have indexes of adjoining states in storage for the convenience of our coordinators, although outlying areas are seldom published. Our computer generated repeater indexes are updated quarterly for all Districts, limited only by the availability of input of areas outside our responsibility for coordination. For questions or problem solving, the Director may consult fellow Directors in neighboring Districts.

In the case of repeater owners having problems with interference, SERA generally tries to get the groups to work out their problems. If no solution is possible, and one asks, SERA will come in and assist as necessary as spelled out by the *SERA Coordination Policy and guidelines*. In the cases of coordinated repeaters vs. non-coordinated repeaters, SERA will go as far as we can, if necessary, to obtain a solution. As with FCC rules, SERA will generally favor the coordinated system.

The SERA Repeater Journal

SERA publishes one of the most professional news magazines of its type in the nation. The quarterly publication, "*The Repeater Journal*" (Published in February, May, August and November) is generally 60 pages or more, wrapped in full-color covers and is full of interesting information about repeaters, repeater owners and clubs.

The Journal's repeater index, containing over 4,200 listings, by city, by state, then by frequency, is the largest, most up-to-date index by a coordinator published anywhere in the nation, and is updated every quarter.

Within the Journal is the Hamfest Calendar containing listings of over 185 hamfests in the eastern part of the United States. Dealers and professional fleam marketers use this Calendar as their "Bible" for planning hamfest attendance each year.

Updated Volunteer Examination schedules list over 200 examination dates covering 10 states.

In 1995 the Repeater Journal began publishing listings of over-the-air Amateur Nets. In early 1996, Club calendar listings were added.

To celebrate its 25th Anniversary in 1996, SERA and the Repeater Journal published its first "SERA Data and Source Directory."

HISTORICAL MOMENTS - Volume 1, Number 1 of the *Repeater Journal* was published in 1971, 12 pages of typewritten stapled sheets. By 1973, the publication was printed by a commercial printer, with a 7 x 8-1/2 inch format.

The February 1983 Journal had a new size and format. The 8-1/2 x 11 magazine-type layout gave the fledgling Journal a more professional look.

In November of 1986 the Journal began printing full color covers, adding even more professionalism.

In 1991, the *Repeater Journal* staff had in place computers, desk-top publishing programs, and all the tools required to take over the task of completely publishing the Journal typesetting by computer. By early 1992, every piece of type in the *Repeater*

Journal was typeset by Desk-Top publishing, by the volunteer Journal staff, eliminating costly, outside typesetting and strip pastup.

In September of 1994, the Board purchased a updated state-of-the-art computerized desk-top publishing system, complete with high resolution printer and professional software for the *Repeater Journal* volunteers. By 1995, the Journal editor was on-line with capability of receiving stories via electronic means and the internet.

The *Repeater Journal* is mailed free to all members of SERA. In addition, copies are mailed to all other News publications, the ARRL, FCC, Congressional and Senatorial representatives, other Coordination Councils across the nation, and many Amateur equipment manufacturers.

In 1989 the Journal was offered to Dealers for resale and is now available at over 15 dealer's stores and at hamfests across the Southeast.

Memberships in SERA

FULL MEMBERSHIP... Yearly cost is \$20.00 - January through December. This membership is for repeater owners or club sponsored repeaters. Two representatives are named along with each full membership to receive the Journal (Clubs or individuals owning more than one repeater may list all of them under one membership) They are entitled to vote in any election, and are eligible to hold any elective office. The repeater(s) are listed in the Journal as SERA Full Members.

ASSOCIATE MEMBERSHIP... Yearly cost is \$8.00 and expires 12 months from date of joining. This membership is for repeater users or any other persons interested in supporting the organization and receiving the *Repeater Journal*. Associate members have no voting privileges, and are not qualified for any elected office, but may hold any appointive office within SERA.

H.O.T.P. ASSOCIATE MEMBERSHIP: Yearly cost is \$14.25. HOTP (hot off the press) is the same as Associate Membership, however, these members have their *Repeater Journals* mailed the date it comes from the printer via First Class Mail. Regular associates receive their Journals via 2nd Class Bulk Mail.

Strengths of SERA

The items we think have added to our strengths, or at least refrained from destroying us as we grew through the years:

1. The type of self government that we use. Each district is responsible for their own coordination and solutions of any problems, led by a director who is elected by and from among the voting full members in his home district alone. They hold an equal seat on the central board of directors controlling overall policy, etc.

2. Allowing voting privileges only to repeater owners, or named representatives of repeater-owning clubs. We have found these people, each of whom represent a significant financial investment in repeaters per se, are generally more responsible and less radical in their thinking than a cross section of the economy would represent.

3. Through the years we've been blessed with highly qualified volunteers serving unselfishly. Their only motivation is the desire to see the task at hand

History of the SouthEastern Repeater Association, Inc. (Continues)

timely accomplished in a timely in which we can all be proud.

4. Volunteer establishment began in the early seventies with a database even at a time when the term was new enough to not be universally recognized, at a net cost of zero to the organization -- the days before the computer craze!

5. Publication of the Repeater Journal is a very good example of the volunteers referred to. It not only serves as an excellent listing of frequency and location of all known repeaters in the area we coordinate, but is beyond value as a repetitive medium of communications with repeater owners and users in the entire area. The publication is accomplished almost exclusively with volunteer labor. The organization only has to pay for actual printing and mailing. The best way to get something published in the Journal is to send it to the editor -- it is just that simple! We feel the Journal belongs to the membership.

6. Strong financial support from the carefree repeater users through "associate" membership, is a very valuable source for SERA. Carrying no voting privilege, but financially supporting the organization and receiving the Journal quarterly the "associates" have been one of our most valuable assets. Although not required for coordination service, the strong voluntary support of repeaters joining as "full members" has also been part of the "life blood" in helping to finance the organization.

7. Through the years, we have had but a couple of times that there has actually been a second nominee for any office come election time. Generally, the officers or directors in place (in the form of a nominating committee) have asked a person they felt would contribute to SERA to accept nomination for the vacancy at hand. These decisions have proven popular with the membership by the lack of opposing nominations of others. This style has kept a congenial, but competent group in office. In one election, a few years ago, the incumbent was challenged unsuccessfully by a very capable individual with the result that after election was all over, the reelected incumbent promptly appointed the newly-defeated challenger to the post of Assistant Director and enlisted his aid in coordinating the District! These two still rub shoulders by common desire.

8. As the Officers are elected at the end of odd numbered years, and the Directors are elected at the end of even numbered years, any November Journal will explain the election process in detail and print the nomination form, allowing any Full Member the chance to oppose the nominee named by a nominating committee if he wishes.

9. Any election is by mail only, thereby making participation by all qualified individuals as convenient and inexpensive as possible, without the necessity of attending a meeting at which the election might be held. (districts cover several hundred miles from one side to the other)

10. Over the past few years, the FCC has extended more credibility to coordination than had previously been recognized. As SERA was already "in the business," this has served to greatly solidify the support of popular opinion we are so grateful to enjoy.

11. SERA coordinators have in place standard forms for "Requests for Frequency Coordination," "Approval of Coordinations," and other documents required to run a "tight ship." These forms are standardized throughout the organization, as approved

by the full board.

12. SERA has established and maintained a congenial relationship with virtually all contiguous areas, with our coordinators maintaining a high visibility by the listing of names, addresses and phone numbers on page one of any Repeater Journal. We find the coordinators of most adjoining areas have joined as associate members, receiving their own copy of the *Repeater Journal*, giving them a strong insight as to what SERA is doing.

13. We feel the FCC credibility to coordination organizations, has been a factor that has contributed to SERA expansion, and vast Full Membership increases. We do not believe this situation has run its course. SERA has all the mechanics in place, which would allow any area to come under its umbrella, retain its own identity, yet benefit greatly, from our experience since 1971 . . .

For instance:

(a) Centralized data processing handled by professional data processing volunteers with custom-written software to exactly fit our needs; data sheets mailed to individual repeater owners, containing all information our database has on them; tailored district maillists or labels for our directors; general membership rosters that may list in any fashion desired, full or associate, expired or non-expired, even the full roster dating back to 1971. Database operators work together with many Directors passing information and backing each other. These full databases, backed up on two computers receive quarterly updates and then are passed back the Director's computer databases.

(b) Incorporated as a "Not for Profit Corporation" pursuant to Chapter 55A of the General Statutes of the State of North Carolina.

(c) Exempt from Federal Income Tax under Section 501(C)(3) of the Internal Revenue Code of 1954 as amended.

(d) Solid financing shepherded by a practicing Certified Public Accountant with more than 36 years experience, serving as the organization's Treasurer and advisor.

Through all of this, SERA operates on the principles of letting the home folk volunteers lead the way in their respective areas without interference from outsiders (absolutely no politics), yet have available level headed and sound advice and/or consultations from others if and when asked. They have their "bible" comprised of the SERA By-laws, and the Coordination Policy, which provides their guidance. The rest is up to each individual State (District) leader and his state's repeater owners and users.

Historical data was developed from early Repeater Journals, and from persons affiliated with the organization in the early days. Yearly updates are written by members of the board or Publications Staff.

—Last update February 1996.

In 1996, SERA is actively cooperating with other coordinators around the nation to work up policies and guidelines for the proposed National Frequency Coordinators Council (NFCC). The goal is to have a national representation of all Frequency Coordinators to work as a Single Point of contact (SPOC) to the FCC. Hopefully this will open the way for the FCC to recognize coordination efforts officially.

Glenville (ARRL-VEC)

The Pioneer ARA sponsors walk-in exams on 2nd Saturdays of Feb., May, Aug., and Nov. at the Glenville State college Library at 1:00 PM. Contact call Dave Ramezan, KA8ZXP (304) 462-7988.

Huntington TARA (W5YI-VEC)

Walk-in exams by the Tri-State ARA VE Team at Our Lady of Fatima Church, 545 Norway Ave. Check-in by 9:15 AM, exams at 10:00 AM. Call Jim Baker, K8KVX (304) 736-6542.

Nitro (W5YI-VEC)

Walk-in exams (register at site) are held at the Holy Trinity Catholic Church. Registration begins at 9:00 AM. Call Jimmie Hewlett, WD8MKS (304) 768-1142.

Parkersburg (W5YI-VEC)

Walk-in exams (register at site) are held 2nd Saturday of the months of Feb., April, June, Aug., Oct., and Dec. at 10:00 AM at the E.O.C. on Staunton Ave., Rt. 47. Also Commercial tests. For info Call Dana Pickens, WV8G (304) 422-1823.

NOTE TO PROSPECTIVE EXAMINEES:

Suggest calling contact person to get full information as to what is expected of you. Many schedules are distributed in advance and changes occur. All examiners will require you bring: (1) Your original license. (2) A copy of your license. (3) Any original CSEs you may have. (4) A copy of CSCE. (5) Identification, preferably photo I.D. with birth date showing. (6) checks are usually preferred payment. Most exam fees are now \$6.05.

Supporting the "home" repeater

-by Wayne C. Williams, K4MOB

So what's a home repeater you might ask . . . and what you do mean by supporting?

A home repeater is generally the repeater you hang around most of the time. Everyone has one. It's the one your friends know you can be reached most of the time.

Support is like a "tip." If you go to a restaurant, and the waitress gives you good service you leave her a little something (in cash).

Over the years, repeater ownership has taken changes. In the '70s most repeaters were owned by individuals. They pieced together that old Motorola, made up some control circuits, and the expense was tubes, electricity and telephone lines.

It was always a "gentleman's agreement" that if that was your home repeater, you dropped \$10, \$20, \$30 or so in the mail to the owner each year (unsolicited) to help defray the expenses.

Since most all repeaters then were being actively supported by users, your donation to your home repeater was justification for using other repeaters and their autopatches free, since someone else was supporting that repeater as their home repeater.

Today, in the '90s, things have changed drastically. Today's repeaters can represent as much as \$10,000. Most of today's repeaters are sponsored by a club. The club gets operating expenses for the repeater(s) through membership, special fees for special capabilities of the repeater, conducting hamfests and other fund raising activities.

In turn, sometimes, repeaters don't like "strangers" coming by and using the features of their machines . . . which is sad.

The point we're trying to make today is that if you operate FM and you use repeaters, find out how they are funded. If you like the repeater, join the club, participate, do whatever is required to carry your load in supporting the club's repeaters.

If the repeater you hang around is privately owned, find out how the owner gets support to pay the bills. (DON'T ask him on the air)

When you find out, support him in whatever way he suggests, whether it be participating in a repeater activity, monetary donations or whatever.

Repeaters are wonderful to have around. But someone has to pay the bill. Someone has to keep them operating. The responsibility lies with the users. They should see that the machine is secure financially and can operate in a way in which they want to see a repeater operate effectively, without problems.

It's payback time, fellow hams. This wonderful stuff we have is not free. It doesn't operate without cost. Do your part as a good ham. Join the club, participate, support the repeater in whatever way you feel is needed.

SPECIAL LAST MINUTE INSERT!

THE FLORIDA REPEATER COUNCIL

REPEATER LISTING FOR THE STATE OF FLORIDA

This Florida Repeater Index was provided to SERA for the Data and Source Directory through courtesy of the Florida Repeater Council. The Florida index had to be published as a special insert in the Data & Source Directory due to a regretful timing error in notification to the Florida RC of appropriate deadlines for getting the book together.

ARRL DIVISIONS

The ARRL Districts listed pertain, to those within or adjacent to the SERA 8-States.

-Lists supplied ctsy. of QST

DELTA DIVISION (AR, LA, MS, TN)

Director: Joel M. Harrison, WB4IGF
528 Miller Rd., Judsonia, AR 72081
(501) 729-3301 - E-mail: wb5igf@arrl.org

Vice-Dir.: Rick Roderick, K5UR

P.O. Box 1463, Little Rock, AR 72203
(501) 988-2527 - E-Mail: k5ur@arrl.org

GREAT LAKES DIV: (KY, MI, OH)

Director: George E. Race, WB8BGY
3865 Gibbs Rd., Albion, MI 49224
(517) 531-4758 - E-mail: wb8bgf@arrl.org

Vice Dir.: John Thernes, WM4T

60 Locust Ave., Covington, KY 41017
(606) 331-0331 - E-mail: wm4t@arrl.org

ROANOKE DIVISION: (NC, SC, VA, WV)

Director: John Kanode, N4MM
RFD 1, Box 73A, Boyce, VA 22620
(703) 837-1340 - E-mail: n4mm@arrl.org

Vice-Dir.: Dennis Bodson, W4PWF

233 N. Columbus St. Arlington, VA 22203
(703) 243-3743 - E-mail: w4pwf@arrl.org

S.E. DIVISION (AL, GA, NFL, SFL, P.R, V.I)

Director: Frank M. Butler, Jr. W4RH
323 Elliott Rd. SE, Ft. Walton Beach, FL 32548. (904) 244-5425 - E-mail: w4rh@arrl.org

Vice-Dir: Evelyn Gauzens, W4WYR

2780 SQ 3rd St. Miami, FL 33125
(305) 642-4139 - E-mail: w4wyr@arrl.org

HAM CALL SIGN INFO

If you are waiting for your new callsign, personnel at the following numbers have capabilities of reading from the FCC database, and give your new callsign when issued.

FCC (800) 322-1117 (9 AM - 5 PM EST)

ARRL/VEC (860) 594-0300 (9 AM - 5 PM EST)

W5YI/VEC (817) 860-3800 (9 AM - 5 PM CST)

WCARS/VEC (423) 966-4881 (9 AM - MIDNITE
- EST - 7 days a week)

REPEATER COUNTS

The 1996 SERA DATA & Source Directory has 14 states of Repeater Listings, an all-time record number for any publications we have ever attempted for SERA. We were fortunate to have the cooperation of T-MARC, The Alabama, Missouri and Indiana Repeater Councils (coordinators for those areas) who sent up their latest updated repeater listings.

For informational purposes, here are the states we are listing starting on page 33 and continuing through page 48.

The Mid Atlantic FM & Repeater Council (T-MARC)

Washington, DC - 14 repeaters
Delaware - 32 repeaters
Maryland - 230 repeaters
Northern Virginia - 120
Eastern West Virginia - 11

SouthEastern Repeater Assn. (SERA)

Georgia - 409 repeaters
Kentucky - 231
Mississippi - 183 repeaters
North Carolina - 400 repeaters
South Carolina - 131 repeaters
Southern/Central Virginia - 241 repeaters
Western/Central West Virginia - 137 repeaters

Alabama Repeater Council (ARC)

Alabama - 347 repeaters

Indiana Repeater Council (IRC)

Indiana - 322 repeaters

Missouri Repeater Council (MRC)

Misasouri - 294 repeaters

TOTAL REPEATER LISTINGS 3,498

SERA wishes to thank the neighboring coordinators who participated in our Directory for their spendid cooperation in supplying us with their listings in an accurate and very quick update at a very short notice.

Why Should anyone Join SERA and Get the Repeater Journal?

Because - the SERA Repeater Journal has:

- ✓ Two updated 8-state repeater indexes (by frequency and by-city, by-state)
- ✓ The most complete hamfest calendar published anywhere - over 180 listings!
- ✓ Hamfest advertising with details
- ✓ Local/Area dealer advertising
- ✓ National manufacturer advertising
- ✓ Stories about hams and repeaters
- ✓ A multitude of feature articles
- ✓ Helpful hints on VHF/UHF operation
- ✓ Help for the new ham articles
- ✓ Individual state news coverage
- ✓ Digital - and much, much more!!

JOIN SERA AND GET THE REPEATER JOURNAL!

Fill out the application below and mail with your personal check to:

SERA MEMBERSHIP

P.O. BOX 215 - TOBACCOVILLE, NC 27050

Your Repeater Journal will start with the next quarterly issue if application received prior to quarterly deadlines of: Jan. 15, Apr. 15, Jul. 15 & Oct 15

Yes! I Want to Join SERA and the Journal!

Please make check payable to: SERA Membership

SERA VHF/UHF FREQUENCY PLANS

FOR STATES OF: VA, NC, WV, KY, TN, SC, GA, MS

Page 1

2 - METERS (144-148 MHz)

SERA 2-METER FREQ. UTILIZATION PLAN

144.000 - 144.015	Channel Guard (15 KHz.)
144.015 - 144.050	EME(CW) (35 KHz.)
144.050 - 144.060	Propagation Beacon (10 KHz.)
144.060 - 144.100	CW & Weak Signals (40 KHz.)
144.100 - 144.200	EME & Weak Signals (100 KHz.)
144.200 -	SSB National Calling Frequency
144.200 - 144.300	General SSB (100 KHz.)
144.300 - 144.500	OSCAR Sub-band (200 KHz.)
144.510 - 144.890	FM Repeater Inputs (380 KHz.)
144.900 - 145.000	FM Digital/Packet Operation (100 KHz.)
145.000 - 145.100	FM Digital/Packet Operation (100 KHz.)
145.110 - 145.490	FM Repeater Outputs (380 KHz.)
145.500 - 145.800	FM Digital/Packet Operation (300 KHz.)
145.800 - 146.000	OSCAR Sub-bands (200 KHz.)
146.010 - 146.505	FM Repeater Inputs (495 KHz.)
146.400 - 146.595	FM Voice Simplex (195 KHz.)
146.610 - 147.390	FM Repeater Outputs (780 KHz.)
147.600 - 147.990	FM Repeater Inputs (390 KHz.)

2-Meter Repeater Subband 144.10-145.50 MHz.

(20 Repr. Pairs) 20 KHz. spacing between Channels (600 KHz in/out)

144.510 - 145.110	144.650 - 145.250	144.790 - 145.390
144.530 - 145.130	144.670 - 145.270	144.810 - 145.410
144.550 - 145.150	144.690 - 145.290	144.830 - 145.430
144.570 - 145.170	144.710 - 145.310	144.850 - 145.450
144.590 - 145.190	144.730 - 145.330	144.870 - 145.470
144.610 - 145.210	144.750 - 145.350	144.890 - 145.490
144.630 - 145.230	144.770 - 145.370	

2-Meter Digital/Packet Simplex Frequencies

144.910	144.930	144.950	144.970	144.990	145.010	145.030
145.050	145.070	145.090	145.110	145.130	145.150	145.170
145.190	145.210	145.230	145.250	145.270	145.290	145.310
145.330	145.350	145.370	145.390	145.410	145.430	145.450

2-Meter FM Voice Simplex Frequencies

146.400*	146.415*	146.430*	146.445*	146.460*	146.475*
146.490*	146.505*	146.520*	146.535*	146.550*	146.565*
146.580*	146.595*	147.405*	147.420*	147.435*	147.450*
147.465*	147.480*	147.495*	147.510*	147.525*	147.540*
147.555	147.570	147.585			

IMPORTANT NOTE: (*) Permitted for simplex use - unless would cause interference to nearby repeater inputs - Please be aware that SERA coordinates some of these frequencies as repeater inputs in some areas. Check the repeater directory in your area to see if any such repeaters are present.

10-METERS (29.30-29.68)

SERA 10 METER FREQUENCY UTILIZATION PLAN

29.300 - 29.500	OSCAR (satellites) (200 KHz.)	
29.600	SIMPLEX	
29.520 - 29.580	Repeater Inputs	
29.620 - 29.680	Repeater Outputs (600 KHz.)	
4 - 10M Repeater Pairs (100 KHz. in/out) (20 KHz. Chan.Spacing)		
29.520 - 29.620	29.540 - 29.640	29.560 - 29.660
29.580 - 29.680		

SERA Band Plans Continue on next page

2-Meter Standard Repeater Band 146-148 MHz.

(68 Repr. pairs) 15 KHz. spacing between channels (600 KHz in/out)

146.010 - 146.610	146.355 - 146.955	147.675 - 147.075
146.025 - 146.625	146.370 - 146.970	147.690 - 147.090
146.040 - 146.640	146.385 - 146.985	147.705 - 147.105
146.055 - 146.655	146.400 - 147.000	147.720 - 147.120
146.070 - 146.670	146.415 - 147.015	147.735 - 147.135
146.085 - 146.685	146.430 - 147.030	147.750 - 147.150
146.100 - 146.700	146.445 - 147.045	147.765 - 147.165
146.115 - 146.715	146.460 - 147.060	147.780 - 147.180
146.130 - 146.730	146.475 - 147.075	147.795 - 147.195
146.145 - 146.745	146.490 - 147.090	147.810 - 147.210
146.160 - 146.760	146.505 - 147.105	147.825 - 147.225
146.175 - 146.775	147.405 - 146.805	147.840 - 147.240
146.190 - 146.790	147.420 - 146.820	147.855 - 147.255
146.205 - 146.805	147.435 - 146.835	147.870 - 147.270
146.220 - 146.820	147.450 - 146.850	147.885 - 147.285
146.235 - 146.835	147.465 - 146.865	147.900 - 147.300
146.250 - 146.850	147.480 - 146.880	147.915 - 147.315
146.265 - 146.865	147.495 - 146.895	147.930 - 147.330
146.280 - 146.880	147.500 - 147.000	147.945 - 147.345
146.295 - 146.895	147.515 - 147.015	147.960 - 147.360
146.310 - 146.910	147.530 - 147.030	147.975 - 147.375
146.325 - 146.925	147.545 - 147.045	147.990 - 147.390
146.340 - 146.940	147.560 - 147.060	

A NOTE ABOUT BANDPLANS

The ARRL National Repeater Directory publishes what is called "ARRL National Bandplans." As is mentioned, these plans are set forth as a starting guideline for repeater users. Each coordinator across the nation has an option of either following the ARRL Bandplan, or adding, changing, or deleting certain frequencies or portions to better utilize spectrum in their particular coordination location. One should never assume the ARRL suggested band plan is correct for all areas.

Of particular notice, some simplex frequencies listed in the ARRL Bandplan may or may not be repeater inputs in some areas as coordinators make changes to better suit their area.

Another example is the different assignments of spectrum for Voice FM Simplex, and Packet/Digital Simplex. Repeater users as well as Packet/Digital users are asked to honor these frequencies by utilizing the ones specifically assigned to the particular mode they are operating.

All Coordination and Spectrum Management by Coordinators is based on "gentleman's agreement" and usage by all hams whether they are operators using FM repeaters, simplex, or Packet digital using duplex Packet modes or simplex. For spectrum management to continue to work successful around the nation, operators must take the responsibility of working only frequencies in the mode in which that frequency is assigned.

This prevents chaos and interference and arguments. All modes of amateur operations are well represented by frequency spectrum assignments on most all bands. Using only those frequencies assigned prevents unwanted problems.

SERA VHF/UHF FREQUENCY PLANS

FOR STATES OF: VA, NC, WV, KY, TN, SC, GA, MS Page 2

1-1/4 - METERS (222 - 225 MHz)

SERA 1-1/4 METER FREQUENCY UTILIZATION PLAN

222.000 - 222.015	Guard Channel (15 KHz.)
222.015 - 222.050	EME - (Earth/Moon/Earth) (50 KHz.)
222.050 - 222.060	Propagation Beacons (10 KHz.)
222.060 - 222.100	Weak Signal CW/Experimental (40 KHz.)
222.100 -	CW/SSB Calling Frequency
222.100 - 222.200	Weak Signal CW/SSB (100 KHz.)
222.200 - 222.350	Repeater Control/Link Freq. (150 KHz.)
222.350 - 222.450	Hi Speed Digital w/222.40 Center (100 KHz.)
222.450 - 222.460	Propagation Beacons (10 KHz.)
222.460 - 222.490	EME/Weak Signal/Experimental (30 KHz.)
222.490 - 222.500	Guard Channel (10 KHz.)
222.500 - 223.380	Repeater Inputs (20 KHz. Channel Spacing)
223.380 - 223.420	Guard Channel (10 KHz.)
223.420 - 223.640	FM Simplex (Voice or Digital) (220 KHz.)
223.640 - 223.660	Guard Channel (10 KHz.)
223.660 - 223.780	Digital Channels 20 KHz. spaced (120 KHz.)
223.780 - 223.800	Guard Channel (10 KHz.)
223.800 - 223.900	Hi Speed Digital w/223.85 Center (100 KHz.)
223.900 - 223.920	Guard Channel (10 KHz.)
223.920 - 224.980	FM Repeater Outputs (45 Channels)
224.980 - 225.000	Guard Channel (10 KHz.)

220 MHz Repeater Pairs 222.50-224.98 MHz

(45 Repeater Pairs) 20 KHz. channel spacing (1.6 MHz in/out)

222.500 - 224.100	222.800 - 224.400	223.100 - 224.700
222.520 - 224.120	222.820 - 224.420	223.120 - 224.720
222.540 - 224.140	222.840 - 224.440	223.140 - 224.740
222.560 - 224.160	222.860 - 224.460	223.160 - 224.760
222.580 - 224.180	222.880 - 224.480	223.180 - 224.780
222.600 - 224.200	222.900 - 224.500	223.200 - 224.800
222.620 - 224.220	222.920 - 224.520	223.220 - 224.820
222.640 - 224.240	222.940 - 224.540	223.240 - 224.840
222.660 - 224.260	222.960 - 224.560	223.260 - 224.860
222.680 - 224.280	222.980 - 224.580	223.280 - 224.880
222.700 - 224.300	223.000 - 224.600	223.300 - 224.900
222.720 - 224.320	223.020 - 224.620	223.320 - 224.920
222.740 - 224.340	223.040 - 224.640	223.340 - 224.940
222.760 - 224.360	223.060 - 224.660	223.360 - 224.960
222.780 - 224.380	223.080 - 224.680	223.380 - 224.980

222 Mhz. FM Voice Simplex Frequencies

223.420	223.440	223.460	223.480	223.500	223.520	223.540
223.560	223.580	223.600	223.620	223.640	223.800	223.820
223.840	223.860	223.880	223.900			

220 Mhz. Packet/Digital Simplex Frequencies

223.660	223.680	223.700	223.720	223.740	223.760	223.780
---------	---------	---------	---------	---------	---------	---------

2 - Hi-Speed Digital Channels (100 KHz. Wide)

222.35-222.45 (222.40 Cen.) & 223.80-223.90 (223.85 Cen.)

1.2 GHz. Band (1240 - 1300)

NOTE: This is the ARRL recommended 1.2 GHz. Bandplan, SERA has not completed our own individual proposal for this spectrum.

1240.00 - 1246.00	ATV #1
1246.00 - 1248.00	NB FM point to point links and digital duplex.
1248.00 - 1258.00	Digital communications
1252.00 - 1258.00	ATV #2
1258.00 - 1260.00	NB FM point to point links and digital duplex.
1260.00 - 1270.00	Satellite uplinks, experimental simplex ATV

33 CM - (902-938 MHz)

SERA 33 CM FREQUENCY UTILIZATION PLAN

902.000 - 902.800	SSTV, FAX, ACSSB, Experimental
902.800 - 903.000	Reserved - EME CW Expansion
903.000 - 903.050	EME Exclusive
903.070 - 903.080	CW Beacons
903.100 -	CW, SSB Calling Frequency
903.400 - 903.600	Cross band linear translator inputs
903.600 - 903.800	Cross band linear translator outputs
903.800 - 904.000	Experimental Beacons Exclusive
904.000 - 906.000	Digital Communications
906.000 - 907.000	Narrow band FM Simplex (25 KHz. channels)
906.500 -	National Calling Frequency
907.000 - 910.000	FM Repeater Inputs
910.000 - 916.000	ATV
916.000 - 918.000	Digital Communications
918.000 - 919.000	Narrow band FM Control links/Remote bases
919.000 - 922.000	FM Repeater Outputs
922.000 - 928.000	Wide band exper. ATV, Simplex sprd spect.

33 CM FM Repeater Pairs 907.10-921.90 MHz.

(29 Repeater Pairs)

100 KHz. spacing between channels (12 MHz. in/out)

(Note: SERA will coordinate the 33 cm band repeater pairs with 100 khz spacing between channels until all pairs are used, then 50 KHz. and finally 25 KHz. split channel spacing will be utilized as required in the future.)

907.100 - 919.100	908.100 - 920.100	909.100 - 921.100
907.200 - 919.200	908.200 - 920.200	909.200 - 921.200
907.300 - 919.300	908.300 - 920.300	909.300 - 921.300
907.400 - 919.400	908.400 - 920.400	909.400 - 921.400

33 cm FM Voice Simplex Channels

Between 906.000 & 907.000 MHz. (Channel every 25 KHz.)

906.500 - National Calling Frequency

33 cm Digital Packet Simplex Channels

904.000 to 906.000 and 916.000 to 918.000 MHz. (every 25 KHz.)

MORE 1.2 GHz. BAND PLAN FREQUENCIES

1270.00 - 1276.00	Repeater inputs, FM and linear, 239 repeater pairs, every 25 KHz.
1271.00 - 1283.00	Non Coordinated test pair
1276.00 - 1282.00	ATV #3
1282.00 - 1288.00	Repeater outputs paired with 1270-1276.
1288.00 - 1294.00	Wide Band experimental, simplex ATV
1294.00 - 1295.00	Narrow Band FM simplex, every 25 KHz.
1294.50	National simplex calling channel
1295.00 - 1297.00	Narrow Band weak signal (No FM)
1295.00 - 1295.80	SSTV, FAX, ACSSB experimental
1295.00 - 1296.00	Reserved for EME, CW expansion
1296.00 - 1296.05	EME Exclusive
1296.07 - 1296.08	CW Beacons
1296.10	CW/SSB Calling frequency
1296.40 - 1296.60	Crossband linear translator output
1296.80 - 1297.00	Experimental Beacons (exclusive)
1297.00 - 1300.00	Digital Communications

70 CM BANDPLAN CONTINUES NEXT PAGE

FOR 70 CM COORDINATION INFORMATION:

Contact individual State SERA Directors for a detailed four-page plan and for information about the need for possible coordination before installing any dedicated system. Most simplex voice and digital operations are inherent in nature, and as such will not be coordinated. Simplex cross-band voice, as is possible with most over-the-counter dual-band rigs, is also generally inherent in nature and will not be coordinated. (Use appropriate frequencies above)

SERA VHF/UHF FREQUENCY PLANS

FOR STATES OF: VA, NC, WV, KY, TN, SC, GA, MS Page 4

70 cm Link & Control Channels (NBFM)

May be paired on 70 cm, or individually paired with 222 Mhz band fixed link freq. May be individually coord. Some may be coordinated as simplex remote-base or remote control systems.

SIX METER BANDPLAN CHANGE

The SERA Board of Directors revised the 6-Meter Bandplan in February 1996 to utilize the 51 MHz. repeater subband and provide more spectrum for Packet/Digital operation. If there are any questions - contact your local SERA Director.

ABOUT THE SERA REPEATER CENSUS

Each year, for the February Repeater Journal, the total number of repeaters in each SERA state is counted, by band, and overall total. This practice has continued since 1974. The main objective is to document repeater growth in each individual state, as well as document overall growth by Amateur band. As our totals have shown, the largest growing band over the past 7 years has been the 70 cm band. The 2M band has been slightly held back because of crowding conditions, and lack of abundant frequencies to add many more 2M repeaters in some areas.

FEBRUARY 1996 SERA REPEATER CENSUS

TOTAL ALL REPEATERS - BY STATE EACH YEAR

DIST	87	88	89	90	91	92	93	94	95	96
NC	211	212	220	228	238	267	312	341	377	400

SPEC. ASST. (PACKET)

Sean McClanahan, W4RPU

The Middle Atlantic FM & Repeater Council (T-MARC) is the official repeater coordinator for the states of Maryland, Delaware and Washington, DC. They also coordinate the pan-handle of eastern West Virginia, and northern Virginia.

The SERA Data Book has over 3,300 Repeater Listings.

THE ALABAMA REPEATER COUNCIL

REPEATER LISTINGS FOR THE STATE OF ALABAMA

The following repeater listings are property of the Alabama Repeater Council.

The Alabama repeater lists have been provided to SERA and are printed by permission in this DATA Book. Inquiries concerning the Alabama Repeater Lists should be directed to the Alabama Repeater Council

Order extra copies the new 1996

SERA

Data & Source Directory

This SERA Data Directory & Source Book is a new publication, produced by the Repeater Journal staff. It is chock full of valuable information any Amateur working VHF or UHF wants to keep. The Data Book features the largest, most complete listing of repeaters, nets, hamfests, clubs, and VE exams ever assembled in the history of Amateur publishing in the Southeast. It has a cover price of \$3.00. Extra copies are available for purchase for friends or club members. Discounts for volume. See price sheet below.

Order form for the SERA Data & Source Directory

Name _____ Callsign _____

Street Address _____

City _____ State _____ Zip _____

Please Ship me _____ copies of the SERA Data & Source Directory

1-3 copies - \$3.00 each plus \$1.00 Shipping and handling

4-20 copies - \$3.00 each plus \$4.00 UPS shipping
